PERSONAL STATEMENT

Public health researcher trained at Johns Hopkins Bloomberg School of Public Health, specializing in epidemiologic methods, measurement of population health indicators, and digital health systems. I lead analytics for multi-country projects at the Center for Global Digital Health Innovations with stakeholders such as UNICEF, the World Bank, and ITU. My experience is in developing machine-learning based quality assurance pipelines, conducting statistical analyses on large cohort studies, RCTs and population-level health surveys. I aim to pursue doctoral training to advance measurement science and develop scalable tools that strengthen how global health programs.

EDUCATION

Master of Public Health (MPH) | GPA: 3.7

June 2022 – May 2023

Johns Hopkins Bloomberg School of Public Health

Baltimore, MD

- Focus on Epidemiology, Biostatistics, and Health Leadership & Management
- Capstone: Designing a digital training tool to strengthen public health systems in Low-and-middle-income-country settings
- Practicum: Policy analysis and recommendations to the Maryland general assembly legislators around role of telehealth in Opioid Use Disorders

Bachelor of Dental Surgery (BDS) | GPA: 3.7

Sept 2014 – Dec 2019

Maharashtra University of Health Sciences

Maharashtra, India

- Licensed dentist, Maharashtra State Dental Council (MSDC) Reg No: A-42008
- Clinical degree - Equivalent to DDS
- Honors: Various awards for clinical research presentations
- Activities: Scientific Head, Student Assembly, Volunteer, National Social Service Scheme

WORK EXPERIENCE

Data Analyst, Biostatistics

November 2023 – Present

Center for Global Digital Health Innovation, Johns Hopkins School of Public Health

Remote, USA

- Lead analytics and quantitative research across 6+ global health projects spanning maternal and child health, digital inclusion, and health systems strengthening.
- Develop and apply machine learning models (XGBoost, neural networks, random forests) to large-scale health datasets to improve prediction of adverse maternal outcomes.
- Designed a machine-learning QA pipeline using isolation forest algorithms that improved primary data quality by 85% within one month.
- Direct statistical modeling and study design for secondary analyses of a 40,000-person cohort study and a 10,000-participant randomized controlled trial on infant nutrition.
- Lead quantitative analysis of a 14,000-participant digital health survey using PCA, SEM, and clustering methods.
- Developed a prototype EHR analytics dashboard now adopted by a state government to improve NCD monitoring.
- Support IRB processes, multi-country documentation, and ethics compliance through the PHIRST platform.
- Co-author peer-reviewed publications translating research findings into policy-relevant insights.

Graduate Research Assistant

October 2022 – November 2023

Johns Hopkins Bloomberg School of Public Health

Baltimore, USA

- Designed a complete framework for a gamified digital training tool to strengthen public health systems in LMICs.
- Evaluated the capabilities of Large Language Models (LLMs) in generating evidence summaries compared to human researchers across 15 academic papers.
- Co-authored a rapid systematic review on youth digital-well-being interventions.

Research Assistant

April 2021 – September 2022

Suitradhaar Science Solutions

Mumbai, India

- Co-authored a marketing toolkit on leveraging social media for scientific communication.
- Performed literature search and manuscript drafting on various clinical and non-clinical researcher works in multidisciplinary studies.

Associate July 2021 – January 2022
OnPoint Healthcare Remote, India

- Performed clinical documentation for physicians in the USA to draft clinically accurate chart notes for electronic health records.
- Trained new recruits in clinical documentation.

Associate October 2019 – July 2021
IKS Health Navi Mumbai, India

- Headed the Psychology specialty documentation team and trained new recruits.
- Managed patient records through EPIC EHR.
- Streamlined clinical note documentation workflow to reduce scribing time by implementing browser solutions.

Clinical Experience - Dentist September 2018 – June 2021
Shree Dental Clinic Navi Mumbai, India

- Headed the Psychology specialty documentation team and trained new recruits.
- Managed patient records through EPIC EHR.
- Streamlined clinical note documentation workflow to reduce scribing time by implementing browser solutions.

Advanced Dental Care & Oral Rehabilitation Centre Thane, India

- Assisted and performed routine dental procedures and implant surgeries.
- Performed full spectrum dental care and implant surgeries.
- Managed staffing and payroll of 3 dental assistants.
- Supervised revenue and supplies budgeting for a practice with turnover of 300 patients per month.

MGM Dental College and Hospital Navi Mumbai, India

- Rendered patient care as part of clinical rotations in all departments of dental faculty.

CERTIFICATIONS & CONTINUED EDUCATION

Credential of Readiness (CRe) | Pass with High Honors Jan 2024 – Apr 2024
Harvard Business School Online

- 17-week program including 3 courses: Business Analytics, Financial Accounting and Economics for Managers

AI Programming in Python for Public Health June 2025
Johns Hopkins Bloomberg School of Public Health Online

- Summer institute course on fundamentals of programming and building tools with large language models (LLMs)

EXTRA-CURRICULAR POSITIONS

President, Pro-bono Consulting July 2024 – July 2025
Johns Hopkins Graduate Consulting Group Baltimore, MD

- Oversaw strategy, recruitment, and operations for a 30+ member graduate consulting club.
- Led and mentored teams across 6+ projects, including early-stage ventures in across digital health, medical device, pharmaceutical, and nonprofit sectors.
- Designed trainings for project leads on consulting frameworks, project management, and communication.
- Advised startups with multi-million-dollar funding on market entry, product positioning, and data strategy, resulting in actionable insights and successful funding pitches.
- Built internal knowledge assets and standardized workflows to improve quality and efficiency across projects.

Consulting Team Lead February 2023 – May 2023
JB Grant Global Health Society, Johns Hopkins School of Public Health Baltimore, MD

- Led a team of four researchers as part of a pro-bono consulting project for Metabolon, a health technology company developing proprietary analytical methods and software for biomarker discovery and drug development.
- Conducted interviews with Key Opinion Leaders and synthesized market reports on new healthcare technologies.
- Created client deliverables in the form market research and product positioning reports for a rare-diseases diagnostic platform.
- Managed team communication, research responsibilities and presented findings for client briefing.

Public Affairs Officer

JB Grant Global Health Society, Johns Hopkins School of Public Health

September 2022 – May 2023
Baltimore, MD

- Managed communication activities for society.
- Built and maintained the official website for society.
- Managed social media platforms.
- Integrated SEO and automation solutions to drive engagement among 3000+ students.
- Created infographics and promotional messages for events.

Creative Director

Rotaract Club of Smart City

June 2020 – June 2021
Navi Mumbai, India

- Recognized as Best Creative Director, Rotaract District 3142
- Spearheaded oral health delivery projects in rural communities reaching over 5,000 patients

Scientific Head

MGM Dental College Student Council

September 2018 – September 2019
Navi Mumbai, India

- Organized annual scientific conference with 400+ participants and 150 presentations at MGM Dental College

- **Date, M.** (2018, December). *Space-age dentistry: An insight into aeronautic dentistry*. Poster presented at the 31st Annual International Conference of the Indian Society for Dental Research, Mumbai, India. (**Awarded Second Prize**)
- **Date, M.** (2017, November). *Trigger points in trigeminal neuralgia*. Poster presented at the Indian Society of Pain Clinicians Conference (ISPCON), Navi Mumbai, India. (**Awarded First Prize**)
- **Date, M.**, & Mukherjee, P. (2017, December). *Sweet peril – Sugar is the new tobacco*. Poster presented at the National BDS Students' Convention of the Indian Academy of Oral Medicine and Radiology (IAOMR), Maharashtra, India.

- **Date, M., & Mukherjee, P.** (2017). *Laser tissue welding*. Poster presented at the World Dental Show, Mumbai, India.
- **Date, M.** (2017). An insight into evidence-based dentistry. Poster presented at the 1st Student Conference on Research in Education, Manipal, India.

VOLUNTEERING AND COMMUNITY SERVICE

- Conducted several Dental camps and community outreach projects along with Rotaract Club of Smart City Navi Mumbai, since 2020.
- Volunteering with Samarth Bharat Vyaaspeeth for waste management and recycling projects in Thane City since 2017.
- Collaborated with Colgate for Dental Camps across BMC (Bombay Municipal Corporation) and NMMC (Navi Mumbai Municipal Corporation) schools between 2018-2019.
- Volunteered with Divya Prabha orphanage, Thane, since 2012.
- Volunteered with the NGO Hariyali for Environmental Awareness since 2010.
- Volunteered in the National Social Service group of MGDMDCH, Navi Mumbai, MH India

SKILLS

Scientific: Hypothesis testing, Biostatistics, statistical modeling, real-world evidence, and data (RWE/RWD)

Medicine: Therapeutics, surgery, pharmacology, physiology, virology, oral health, oncology, diagnostics, dental materials

Technical: R programming, Python, STATA, Tableau, Google and Microsoft Suite, Photoshop

Business: Financial modeling, forecasting, market analysis, strategy, product positioning, seed funding pitch

Interpersonal: Leadership, critical thinking, project management, problem-solving, stakeholder communication
