WORK EXPERIENCE

Data Scientist, Biostatistics

Nov 2023 – Present

Center for Global Digital Health Innovation, Johns Hopkins School of Public Health

Remote

- Led analytics and research across 6+ global health projects spanning maternal and child health, digital inclusion, and health systems strengthening in partnership with UNICEF, the World Bank, and international ministries.
- Designed a machine-learning QA pipeline that improved primary data collection quality by 85% within a month; now being scaled across World Bank-supported health surveys.
- Directed statistical modeling and study design for a 40,000-person cohort and a randomized controlled trial on infant nutrition, applying mixed-effects, Bayesian, and survival models.
- Led quantitative analysis of a 14,000-participant digital health survey, using PCA, SEM, and clustering to inform policy recommendations around gender, telehealth access, and government outreach in LMICs.
- Developed an EHR dashboard prototype now adopted by a state government to improve non-communicable disease care and monitoring.
- Supported IRB processes, multi-country documentation, and ethics compliance via the PHIRST platform.
- Co-authored peer-reviewed publications on actionable guidance for global health policy and program design.

President, Pro-bono Consulting

July 2024 – July 2025

Johns Hopkins Graduate Consulting Group

Baltimore, MD

- Oversaw strategy, recruitment, and operations for a 30+ member graduate consulting club.
- Led and mentored teams across 6+ projects, including early-stage ventures in across digital health, medical device, pharmaceutical, and nonprofit sectors.
- Designed trainings for project leads on consulting frameworks, project management, and communication.
- Advised startups with multi-million-dollar funding on market entry, product positioning, and data strategy, resulting in actionable insights and successful funding pitches.
- Built internal knowledge assets and standardized workflows to improve quality and efficiency across projects.

Dentist and On-Call Consultant

Sept 2019 – Jun 2022

Advance Dental Care, Shree Dental Clinic

Mumbai, India

- Performed a wide range of clinical procedures, including endodontics and restorations, implantology and preventive care and managed clinic operations and clinical protocols adherence.
- Trained in HIPAA compliance, ensuring patient data security and efficient EHR management.
